

PETS ARE GOOD FOR YOU

Animal Welfare Matters

HERE TO HELP YOU

GOOD PET SHOPS

- Ensure the health and welfare of the animals in their care
- Offer their customers excellent advice and information
- Work with their local authorities
- Promote responsible pet ownership

We want to help licensing authorities ensure that all pet shops look after the welfare of the animals they sell.

The new animal welfare law in Britain will introduce secondary legislation for pet shop licensing and the care of pets by the public. Our organisations would be very happy to offer our wealth of expertise to assist your officers in meeting the challenges of the new legislation.

Please feel free to use the contact details on the opposite page, if you need any practical, specialist or scientific information.

This advice service is completely free of charge.
